

# MOILIILI COMMUNITY CENTER

## 2020-2021 JAPANESE LANGUAGE SCHOOL

MCC traces its roots over 115 years to the founding of a Japanese school in the home of Kihachi Kashiwabara. With a solid foundation and strong community support year after year, we strive to continue our legacy for generations to come.

Here at MCC, the children will learn to read, write, and speak Japanese in a fun, interactive environment as opposed to the traditional learning intensive programs from both the past & present. We then sprinkle cultural learning throughout the year with special events and activities to make learning enjoyable for the children. Japanese school & cultural learning is offered to children in Kindergarten through the Sixth Grade.

#### Program Information:

- Forty-five (45) minute classes after school
- Monday through Friday except on holidays
- We offer an after-school program add-on
- Opportunity to meet students from other public & private schools

For more information, call our main office.
